How to ride

less reading, more seeing — this is the whole subject as a city you can travel

The journey: A crime is reported to the police, the accused is arrested and seeks bail, faces a fair trial, gets a verdict — and may still be reformed on probation; a child takes the separate Juvenile line.

🗺️ 1 · Look at the map

Each **line** is a unit, each **station** a keyword you must know. Stand back and see how the subject **connects** before reading a word.

🎫 2 · Read the tickets

One ticket per station: **meaning in one line**, the **section**, the **boss case** and a **memory hook**. That is a Part A answer in skeleton.

🔥 3 · Follow the crowd

Station size and the heat bar come from **past papers** (pink A · blue B · green C). Big stations = where examiners get off most.

🧭 4 · Take a route

Route maps solve the **Part C problems** that keep coming back: answer the question at each stop — **yes** exits to the answer, **no** rides on.

⇄ Interchanges — where topics meet

P7 Arrest ⇄ C1 Rights of the arrested
every arrest switches on the rights of the arrested

P5 FIR ⇄ C5 Complaint & dismissal
FIR goes to the police; a complaint goes to the Magistrate

T6 Double jeopardy ⇄ V7 Appeal, reference, revision
an acquittal can't be retried — the State must appeal

C7 Anticipatory bail ⇄ P9 CLA 2018
no anticipatory bail for rape of a girl under 16 (CLA 2018)

V6 Release instead of sentence ⇄ R1 Probation
release after conviction = probation under the PO Act

J4 Bail & inquiry ⇄ C6 Bail
a child gets bail even in a non-bailable offence
