What to do with this

- **Tier 1** = C1, C2, C6, C14, C5, C8, C13 — prepare a full essay and the repeat problems for each (cluster numbers match the **BNSS Final Exam Cluster Notes**, where every repeat problem is answered in IRAC form).
- **Tier 2** = C3, C4, C7 — essay outline + short notes. **Tier 3** = C12, C9, C10, C11 — short-note level.
- In Part B, keep **one Unit V essay** (JJ Act features / rehabilitation **or** PO Act) and **one trial essay** (sessions trial) ready; **FIR** and **search & seizure / S.144 validity** are the next most likely.
- For Part C, practise the **repeat problems** above — juvenile age, arrest of a judge, bail after a fresh offence, the poor under-trial, retrial after acquittal and plea bargaining in offences against women.
- Older papers quote **CrPC** sections; in the exam write the **BNSS section first and the CrPC section in brackets** (e.g. FIR — S.173 BNSS / S.154 CrPC).

Sources & how sure we are

- **Full text 2013–2020**: lawsticker-ai.com previous-year-question archive (3 YDC papers). Copies of the same papers online show they were **common papers** for 3 YDC Sem V and 5 YDC Sem IX.
- **February 2021** and the **undated common paper**: Studocu (Osmania University collections). Their headers read **'LL.B (3 YDC) … V Semester'** together with **'B.LL (5 YDC) IX Semester'** — i.e. common papers. The undated paper's exact sitting is not printed on the copy.
- **Undated Code 1026**: only Part C is visible and the header is cut off; the questions are plainly this subject.
- No paper from **2022 (dated), 2023, 2024 or 2025** was publicly available. Papers from **2024 onward** are set on the **BNSS** (which replaced the CrPC from 1 July 2024); older papers cite CrPC sections — the topics are the same.
- This report shows what **has** been asked — it is **not a prediction** of what will be asked.
